The following varieties of Camellias are offered for sale to my mail order trade. They are all container grown, established in gallon tins. Terms are cash with order. I prefer to ship express collect and guarantee plants true to description and in good health at time of delivery to carrier. Smaller amounts of other varieties on hand will be quoted on demand. I will also undertake to secure scarce varieties not in stock from other growers in this area. Packing at cost, which, I regret to say, runs about as follows:

Packing for one	1-gallon plant	\$.75
" " two	" "	1.35
" " three	" "	1.75
" " four	" "	2.00
